Junior at Huntley High School pursuing Computer Engineering (AI, robotics, quantum computing). 3.97 unweighted GPA, perfect PreACT scores, and 500+ service hours, with leadership at the school, district, and community level.

EDUCATION

Huntley High School , Huntley, IL — Junior		Expected May 2028
GPA	3.97 unweighted / 4.62 weighted	
AP Exams	Computer Science A (5), Computer Science Principles (5), Precalculus (5), Human Geography (5), U.S. Government (5), Physics 1 (4)	
2026–27 Courses	AP Calculus BC, Statistics, Economics, English Language; PLTW Digital Electronics; Honors Chemistry	
Beyond HHS	MIT OpenCourseWare: 18.01 Single Variable Calculus (completed), 18.06 Linear Algebra (in progress)	

HONORS & AWARDS

UN Ambassador Award — Inclusive outreach programs on the future of STEM	2026
Illinois House of Representatives Honors — State-recognized math skills	2025
Perfect PreACT 9 and PreACT 10 Scores — Standard college readiness benchmark	2025
Illinois Principals Association Student of the Year — Academic excellence	2024

LEADERSHIP & ACTIVITIES

North Central District Student Council — Treasurer	Aug 2024 – Present
• Lead and organize large groups of students from schools across Illinois in the "student council of student councils."	
State Math Team (ICTM) — Captain	Aug 2024 – Present
• Lead practices for the 6-student state team and mentor teammates; 2× regional champion and state competitor, recognized by the Illinois House of Representatives and HHS Breakfast of Champions.	
VEX V5 Robotics State Team — Builder, Designer & Programmer; Save-Robotics Advocate	Aug 2024 – Present
• Programmed autonomous and driver-controlled robots with GPS, vision, bumper, and color sensors; helped earn the Think Award .	
• After the club lost its head coach and funding for 2026–27, sent dozens of emails and met with the school board; still working to keep the program alive.	
HHS Student Leadership	Aug 2024 – Present
• Student Rep. on the Principal Student Leadership Council and Athletics & Activities Leadership Team, advocating on policy affecting hundreds of students.	
• Plan school-wide events through Student Council; lead the HHS Welcome Party for new and transfer students.	
Code Ninjas, Algonquin, IL — Sensei, Upper Belt Lead	Apr 2026 – Present
• Supervise and tutor students across a wide age range in Unity, Java, and core software skills.	

COMMUNITY SERVICE

Community Volunteer & Club Founder , Huntley, IL	Oct 2022 – Present
• 500+ hours supporting the Huntley library and Farmers' Market.	
• Started and mentor chess and coding clubs for elementary students; taught computing and quantum basics at Leggee Elementary using a cyberdeck he built and a Qiskit demo.	

INDEPENDENT WORK

- Wrote and publicly posted a **research paper** comparing SVR and Random Forest models on volatile, noisy stock data.
- Building "**Bob**," an AI-controlled humanoid upper torso, and designing a custom PCB in KiCad.
- Built six interactive simulations (quantum computing, black holes, robot kinematics, neural networks, pathfinding, circuits) at sid2010abc.github.io.
