

Sidhant Maloo

Huntley, IL • (224) 566-7381 • sidhmaloo@gmail.com

EDUCATION

Huntley High School, Huntley, IL
Expected Graduation: **May 2028**
Sophomore | GPA: **3.97 (Unweighted)**

LANGUAGES

English: Fluent
Spanish: Conversational
Hindi: Fluent

SKILLS

- Leadership & Communication:** Team leadership, public speaking, and mentoring
- Problem Solving:** Algorithmic thinking, cooperation, and perseverance
- Programming:** Python, Java, HTML, CSS, and JavaScript
- Robotics & Engineering:** VEX V5, mechanical design, and autonomous systems
- Sensors & Systems:** GPS, vision sensors, bumper sensors, color sensors

EXPERIENCE, EXTRACURRICULARS, & VOLUNTEERING

Code Ninjas Sensei — Upper Belt Lead

April 2026 – Present

- I supervise and tutor kids of a wide age range in software skills focused on **Unity, Java**, and more

VEX V5 Robotics State Team — Builder, Designer & Programmer

Aug 2024 – Present

- Programmed and tested autonomous and driver-controlled robot functionality using sensor-based logic with **GPS, vision, bumper, and color sensors**
- Contributed to mechanical design and iterative prototyping, leading to improved performance
- Helped earn the **Think Award** through documented engineering design and analysis

State Math Team — Captain

Aug 2024 – Present

- Led and organized practices for a **6-member state team** (six students per grade)
- Mentored teammates to strengthen problem-solving strategies and competition readiness
- Earned multiple competition medals, including 2 time **regional champion**

North Central District — Treasurer

Aug 2024 – Present

- NCD is considered the **Student Council of Student Councils**
- Lead and organized large groups of people from schools **across Illinois** as the **Treasurer**

Principal Student Leadership Council (PSLC) — Student Representative

Jan 2025 – Present

- Represent the student body on school policy and supported initiatives impacting hundreds of students school-wide

Student Athletics and Activities Leadership Team — Student Representative

Aug 2024 – Present

- Advocated for the needs of athletics and extracurricular programs in coordination with administration

Student Council — Volunteer

Aug 2024 – Present

- Planned and led large-scale school events attended by hundreds of students

HHS Welcome Party — Event Leader

Jan 2025 – Present

- Organized and facilitated one-on-one and small-group support for new and transfer students

Community Volunteer, Huntley, IL

Oct 2022 – Present

- Completed **300+ hours** of community service supporting the library and Huntley Farmers' Market.
 - Supervised and mentored elementary and community chess and coding clubs I started.
-

PROJECTS/RESEARCH

Python AI Stock Analysis

- Built a machine learning model which calculates the potential for a stock using various criteria.
- Nearing completion with a research paper on the effectiveness of SVR vs RF models in volatile, noisy datasets

Humanoid Robot

- Currently working on an upper torso which will have AI controlled arms (3 DOF each) and a head with a camera, microphone, and speaker for interaction with natural human requests.

Java Minesweeper

- Developed a functional Minesweeper game implementing object-oriented programming principles.
 - Hope to incorporate STEM education into the game and publish on iOS App Store and Google Play
-

AWARDS + RECOGNITION

- **State Recognized Math Skills** (Illinois House of Representatives Honors - 2025)
- **Perfect PreACT 9 and 10 Score** (Standard College Readiness Benchmark - 2025)

- **Illinois Principals Association Student of the Year** (Academic Excellence - 2024)
- **UN Ambassador Award** (Inclusive Outreach Programs on the Future of STEM - 2026)
